

# Integration Test: Add Task and Query by Date

**Objective:** Verify that adding a task integrates correctly with the querying feature.

**Steps:**

1. Navigate to the "Add Task" page.
2. Add a new task with the following details:
  - o Date: 2024/12/12
  - o Time: 2:00 PM - 3:00 PM
  - o Name: Integration Test Task
  - o Tag: Integration Tag
3. Navigate to the "Search Tasks" page.
4. Query for tasks on the date 2024/12/12.

**Expected Output/Action:**

- The added task (Integration Test Task) is displayed in the query results with the correct details (date, time, name, and tag).
